

RICOH

Powerful and compact colour solutions

Aficio™ MP C2050/MP C2550

Cost-efficient colour production for all office types

The demands on office document production become ever higher. Digital distribution for a fast turnaround is now standard. Colour is increasingly in demand, but document outsourcing eats away at your budget. Ricoh's Aficio™MP C2050/MP C2550 constitute a welcome alternative. Productive, flexible and compact, these colour MFPs offer excellent value for your money. To serve your particular production needs, they are fully customisable. Discover how a host of cutting-edge capabilities can fit inside a slim design.

- Sharp and high-quality colour output with new PxP™ toner.
- Excellent productivity at 20/25 ppm in both colour and B/W.
- Duplexing at simplex speed.
- Exceptionally wide media handling.
- All-round functionality: copying, printing, scanning and faxing (optional).
- Unique internal finisher & punch unit.

Colour flexibility from start to finish

With their remarkably small footprint, the MP C2050/MP C2550 will easily find a place near your desk. That way, you have all their useful functionalities close at hand. Our colour MFPs take care of your entire workflow – scanning, copying, printing, distributing and even finishing.

Flexible scanning

Conveniently send your scanned documents to e-mail or folder with one push of the button. If you wish to avoid burdening your network with extra traffic, scan to URL. Scanning to SD card and USB is optionally available.

In-house document production

For the MP C2050/MP C2550, a unique internal 500-sheet finisher has been developed. It staples and punches your output. Add to your device's excellent print quality and media handling: you have the perfect office production partner. Limit document outsourcing, and produce a number of professional-looking documents in-house.

Staples and punches your output.

Scan to folder, e-mail and URL with one push of the button.

Excellent performance

Superb colours

Your colour output will look crisp and accurate due to the MP C2050/MP C2550's PxP™ toner. Quality remains consistent even during longer runs. Print resolution is a truly outstanding 1,200 dpi.

Clever business faxing

It takes only one second to scan a fax message, and only two seconds to transmit it. Fax messages can be forwarded to e-mail and to folder. LAN-faxing (directly from PC) and Internet faxing are possible.

Wide media range

Creating reports, handouts or flyers? The MP C2050/MP C2550 handle a truly wide variety of paper types. They accept sizes between A3 and A6, from light (52 g/m² via the bypass tray) to heavy (256 g/m² via standard and bypass trays). Glossy and coated papers or card stock are processed effortlessly. Even envelopes and transparencies can conveniently be fed via the standard bypass tray.

Only 2 seconds to transmit.

Crisp and accurate colour output.

Simple solutions for complex jobs

Easy operation

With their special handles, the paper trays are very accessible and refills happen fast. Any jammed paper is easily removed from the simplified paper path. Even sophisticated features are straightforward to operate: the MP C2050/MP C2550 have a user-friendly 22 cm colour touch screen.

GlobalScan NX

Our intuitive GlobalScan NX streamlines your workflow with flexible scanning and distribution. Via an easy-to-use Graphical User Interface (GUI), preset icons with your customised document format and workflow. You can now scan in a single step from the MP C2050/MP C2550's control panel.

Versatile printing

Enjoy our MFPs' advanced printer features.

- Print and check samples for maximum efficiency.
- Lock prints and release them when a password is entered.
- Hold prints, to be picked up by one user at one moment.
- Store, or store and print jobs.
- Print PDFs directly.

Easy-to-use Graphical User Interface.

Ricoh: green quality

Reliable engines

The MP C2050/MP C2550's engines are the fruit of years of Ricoh expertise. Their new tandem 4-drums design ensures reliable operation. A simplified paper path reduces the risk of jams, and your machine is continuously available. With a maximum paper capacity of 1,600 sheets, refills are kept to a minimum.

We think green, and you?

'Green' is not just a colour for Ricoh – it is an attitude. Our PxP™ (polyester x polymerisation) toner is produced with significantly less carbon oxide emission than conventional toners. A more direct benefit for you is the MP C2050/MP C2550's standard duplex unit. Saving paper is kind to the environment as well as to the company budget.

We think green. Do you?

True all-round solutions

Small in size, the Aficio™MP C2050/MP C2550 fulfil a remarkable number of tasks. They copy, print, fax, scan and finish while presenting an outstanding ease of use. Here is true functionality at an attractive cost per page.

Advanced connectivity

Workflows are increasingly managed digitally. The MP C2050/MP C2550 scan to e-mail and folder, SD card and USB flash memory. In the interest of security, they can also send encrypted PDFs. If required, you can increase the standard networking capability. Choose from Wireless LAN, Bluetooth and/or other options.

Data security

Authentication and encryption features protect your confidential data. The MP C2050/MP C2550 are compatible with optional security packages like HDD Data Overwrite, Data Security for Copying, Card Authentication and Secure Print Release.

HDD Data Overwrite.
